

1. Software Engineering

- 1) Test: function -> Integration testing -> all finished -> System testing
- 2) requirements collection: have a research of other chess games and Advanced chess.
- 3) reflection : one formal meeting and more than two informal meeting

2. UI

- 1) highlight distract other users
- 2) Swing & Android package

3. Engine

- 1) Algorithm & 选择哪个搜索
- 2) Operate other program in your codes:
- 3) Search speed: 5s 5次搜索, 30 6次。

4. General

- ~ Java:
- 1) Java 直接应用于Android
 - 2) 相比较C, C++, Java更适合单机小游戏
 - 3) Java是我们所熟悉的语言掌握的比较好的

选两个version 的原因: 1) Desktop 可以有更大的界面, 更好操作

2) Android 比较方便使用
